S.T.A.F.F. is fully committed to helping parents and students understand the pure value of academics first and the athletics will take care of itself. The key factor is it gives you choices and more colleges to choose from. The student can pick the college of their choice based on academics, majors and athletics. As a result of our experiences, we believe S.T.A.F.F. will make a difference in some families' lives.

Our mission is to work with student athletics so that they can qualify for scholarships and finish college with a degree in a meaningful field. With the support of S.T.A.F.F., thousands of individual student-athletics in the United States that will gain knowledge, educational awareness, and college academics directions in preparation to complete their education.
